of the

**Assembly Select Committee on  
Intellectual & Developmental Disabilities**

With Chair Assemblymember Jim Frazier

**Thursday, May 9, 2019**

**5:30 – 8:00 pm**

**Redding City Council Chambers**

**777 Cypress Ave, Redding**

The State Assembly maintains a Select Committee on Intellectual and Developmental Disabilities, which is tasked with reaching out to California's IDD community to learn about the challenges those with disabilities face and what the state can do to better serve them. Under the chairmanship of Assemblymember Jim Frazier, the Select Committee has been holding hearings and forums in local communities throughout California.

The hearing in Redding is free and open to the public. It is a listening session, a platform to have your voice heard by members of the Legislature. With the closure of the Developmental Centers and the state moving away from institutional living, it is imperative that the Legislature pay close attention to how IDD individuals are being served in their communities and by the state.
